BRILLIANT ME BEADS

“Today you are You, that is truer than true.
There is no one alive who is Youer than You.”

Dr Seuss

What are the things that make you, you? The things that make you unique? Brilliant Me Beads can help remind you of those things when you need a bit of a boost.

You will need:

- Coloured paper
- Scissors
- Felt tips
- PVA glue
- cocktail sticks or similar

How to make them:

1. Cut your coloured paper into long, thin triangles, at least 6 each (you can use the template provided)
2. What are the things that make you unique? Write one of your unique qualities on each triangle
3. Blob a bit of glue on the tip of the triangle and using your cocktail stick, roll the paper from the wide end to the thin end so that it forms a rolled bead (with the words inside)
4. Leave in place for a few moments while the glue dries
5. Slide the paper bead off the skewer and repeat until all your beads are made
6. Thread onto a piece of string to make a bracelet or add to craft projects - whatever you like!
