YOUTH PARLIAMENT CAMPAIGN SURVEY

Your voice matters!

The UK Youth Parliament is developing a new anti-hate crime and anti-discrimination education campaign and your Cornish Youth Parliament members want to hear from young people across Cornwall. We invite schools, colleges, and youth organisations to share this survey and encourage young people to get involved. Together, we can help build safer, more inclusive communities for everyone.

Young people can complete the link by scanning the QR code and scrolling to the bottom of the page or through clicking here.

Closes midnight on 3rd December
